Prices and weights shown are per saddle.

<sup>1</sup> 202 - 2.50 can accommodate up to 1 1/2" I.P. and 1 1/4" C.C.

<sup>2</sup> 202 for 3" nominal size can accommodate up to 2" I.P. and 1 1/2" C.C.

<sup>3</sup> Not recommended for iron pipe size PVC or ductile iron size PVC (C-900).

**Manufacturer Recommendation:**

For PVC pipe, choose the saddle that has the pipe O.D. closest to the top of the saddle's O.D. range.

For Copper pipe, Romac recommends single strap saddles which should be preformed at the factory, or see pg. 4-6 for 304/306 stainless steel saddles.

**To Order:** Add tap size to the upper range of the saddle.

**When ordering for PVC pipe, specify O.D. (D.I. or IPS)**

**Example:** Painted Saddle with U-Bolt:

Stainless Steel Strap—add letter "S":

Nylon Saddle—add designation "NU":

STYLE      UPPER TAP TYPE RANGE      SIZE      THREAD

**202 - 7.60 x 3/4" IP**

**202S - 7.60 x 3/4" IP**

**202NU - 7.60 x 3/4" IP**
